

AMENDMENTS TO THE SPECIFICATION:

Please amend the paragraph beginning at page 1, line 21, as follows:

Therefore, it is a feature of the illustrative ~~embodiments~~embodiments to provide a novel electronic apparatus.

Please amend the paragraph beginning at page 2, line 7, as follows:

When the interruption key to interrupt the game in progress is operated, the first predetermined value is set to the first register. Thereupon, the game is interrupted by the interrupting means. On the other hand, if an incoming phone call is detected by the detecting means, the first predetermined value is set to the first register by the setting means when receiving the incoming call. Accordingly, when there is an incoming call, the game is interrupted without having to operate the interruption key.

Please amend the paragraph beginning at page 10, line 16, as follows:

If there is a need to register a player's name in the middle or at the start of the game, a player name input screen as shown in Figures 6(A) or 6(B) is displayed on the LCD 18. At this time, the player's name is entered within a player's name input frame on the screen by operating the number keys 24c. Specifically, one or more alpha-numeric characters[.] is assigned to each number
